

CV OF NKOSIPHILE SONO

Aspiring Software Engineer | BSc Computer Science & Informatics

Sophiatown, Auckland Park 2092 | 076 612 5835 | nkosiphile005@gmail.com GitHub: github.com/NkosiphileSono

CAREER OBJECTIVE

Computer Science graduate seeking a software engineering role to apply full-stack development skills, problem-solving abilities, and a passion for building scalable solutions. Eager to contribute to innovative projects while gaining hands-on industry experience in a collaborative team environment.

EDUCATION

University of Johannesburg | 2023 - 2025

BSc in Computer Science & Informatics

National Senior Certificate | 2022

Top Achiever | 3rd Position in School Circuit | Mathematics: 96%

TECHNICAL SKILLS

Programming Languages & Frameworks:

- Java, JavaFX ●●●●○
- C#, ASP.NET Core ●●●●○
- JavaScript, React, React Native ●●●●○
- HTML5, CSS3 ●●●●○

Databases & Backend:

- SQL (MySQL, SQL Server, PostgreSQL) ●●●●●
- Database Design & Optimization ●●●●○
- RESTful API Development (NodeJS + Express) ●●●○○

Tools & Technologies:

- Git & GitHub (Version Control) ●●●●○
 - Visual Studio, VS Code ●●●●○
 - Responsive Web Design ●●●●○
 - Object-Oriented Programming ●●●●● **Core Competencies:**
 - Data Structures & Algorithms
 - Full-Stack Development
 - Agile Development Practices
 - Software Testing & Debugging **Soft Skills:**
 - Problem-solving & Analytical Thinking
 - Team Collaboration & Communication
 - Time Management & Self-motivation
 - Adaptability & Quick Learning
-

WORK EXPERIENCE

Student Assistant

Academy of Computer Science and Software Engineering, University of Johannesburg | 2025

- Assist 30+ students weekly with programming assignments in Java, C#, and database management
- Conduct tutoring sessions on data structures, algorithms, and object-oriented programming concepts
- Debug and troubleshoot code issues, improving student understanding of software development best practices
- Collaborate with faculty to identify common learning challenges and develop supplementary materials
- Maintain office hours and provide technical guidance on course projects and assignments

PROJECTS

Portfolio Website | [Visit Portfolio](#)

Technologies: HTML5, CSS3

- Designed and developed a responsive personal portfolio website to showcase projects and skills
- Implemented smooth animations and interactive UI elements
- Optimized for mobile and desktop viewing with modern CSS Grid and Flexbox layouts
- Deployed using GitHub Pages with continuous updates

To-Do List App | [GitHub Repo](#)

Technologies: React, JavaScript, CSS, PostgreSQL

- Built a fully functional task management application with React hooks (useState, useEffect)
- Implemented CRUD operations allowing users to add, edit, delete, and mark tasks as complete
- Integrated browser local storage for data persistence across sessions
- Designed clean, intuitive user interface with responsive design principles

E-Commerce Web Application | School Project

Technologies: ASP.NET Core, C#, SQL Server, Entity Framework

- Built a full-stack e-commerce platform with user authentication and authorization
 - Designed and implemented relational database schema for products, orders, and users
 - Developed RESTful APIs for product management and shopping cart functionality
 - Implemented responsive front-end using Razor Pages and Bootstrap
-

ACHIEVEMENTS & ACTIVITIES

- **Top Achiever in Matric** (2022) - Recognized for outstanding academic performance
- **3rd Position in School Circuit** (2022) - Among top students in district
- **Certificate in Mathematics 96%** (2022) - Excellence in advanced mathematics
- **UJenius Club Member** (2023) - Active participant in the university's academic excellence program
- **Student Assistant** (2025) - Selected to support computer science students and faculty

LANGUAGES

- **English** - Native proficiency
- **Siswati / isiZulu** - Fluent
